Over the past six years, the college has organized the Pratibha Puraskar program, showcasing both its exceptional teaching and learning capabilities and the collaborative efforts of all involved parties in achieving the college's purpose. At the beginning of each academic year, the college admissions committee will create a strategy to boost total admittance. In light of this, they plan to host the Pratibha Puraskar program for pupils who score higher on their PU exams. The confluence of the states of Maharashtra, Telengana, and Karnataka is where our college is located. Here, the cultures and the social system are combined. Furthermore, a diversified population from various places and castes may be found in this neighborhood. As a result, our student body is diverse in terms of caste and cultural background. ## 7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

All efforts are being made by the H.K.E'S S. S. Margol College of Arts, Science and Commerce, Shahabad, to provide rural students, particularly women, with a sense of empowerment. That is the only university offering UG programs within a 15-kilometer radius. Because most of the students are among the first in their family to attend college, their financial and geographic backgrounds inevitably cause them to have certain inhibitions. Over the past six years, the college has organized the Pratibha Purskar program, showcasing both its exceptional teaching and learning capabilities and the collaborative efforts of all involved parties in achieving the college's purpose. At the beginning of each academic year, the college admissions committee will create a strategy to boost total admittance. In light of this, they plan to host the Pratibha Purskar program for pupils who score higher on their PU exams. A group will be established to spread the word about this program to all of the PU colleges via campus visits, village poster displays, and distribution of flyers to nearby residents.
